Note for the Consideration of Council

Re Medical Budget for 1903-04.

Vide Statement A - The Budget has been prepared in accordance with standing orders. The variations are not many. Only sanctioned items have been provided for. As regards the number of Medical Officers there is a slight discrepancy which has been rectified in this Office.

Vide Statement B -

2 In addition to the above, certain new grants have been asked for in what the Senior Surgeon calls the Supplemental Budget Estimate, and these have to be dealt with in connection with the Budget. The main items are:

A - Victoria Hospital

(1) Contingencies - The grant for 1902-03 was Rs 4440/- But the grant proposed for 1903-04 was Rs 15000/-. So large an increase as Rs. 10560/- does not seem called for, seeing that the actual expenditure for the past 11 months has only been Rs 6680/-

Various

Various items some urgent and others ordinary have been included under this head I would propose a grant of Rs 10000 which seems moderate.

(2) Due to patents - Rs 15000/- has been asked for against last year's grant of Rs 13000/-. It has been ascertained that the actual expenditure during the past 11 months has only been Rs 8000/- odd. Forty new beds seem contemplated. But it does not seem necessary in the absence of actual experience to raise the grant by Rs 2000/- as recommended. The last year's provision may be repeated.

(3) Travelling allowance } Against
to Establishment }
a provision of Rs 500/- sanctioned in 1902-03, a grant of Rs 1000/- has been asked for. This applies is justified by the actuals of the past 11 months which amount to Rs 1134-11-6. It may accordingly be passed.

(4) Extra Establishment - This has already been sanctioned and may be included in the Budget.

(5) Leave allowance to } the employment
Makhan & Co }

of substitutes for Munsterey about
on previous leave has had to be
deferred more than once in
public interest. The annual provision
of Rs 4300 provided on this account
may therefore be accepted

2. To Chemical Laboratory and Bacteri-
ological Institute

(1) Travelling allowance - No provision

for this was made in the Budget for
1922-23. The Chemical Engineer and
Bacteriologist has however to go
out sometimes on business of im-
portance. The charge incurred during
the last 11 months has been Rs 500.

To the Rs. 168-12-6. A grant of Rs. 500
has now been asked for. This seems
unacceptably large and may be
reduced to Rs. 200.

(2) Apparatus - A grant of Rs
- Rs 1000 has for the 1st time now
been applied for. This seems un-
necessary and may be disallowed
the apparatus required being as
heretofore obtained from the
Medical Store

To Medical

(1) Travelling allowance - The Officer has

The

The expenditure incurred during the past 11 months is Rs: 89/. A provision of Rs 100/. seems sufficient and may be sanctioned instead of the 250 Rs. asked for.

D - Civil Hospital, Kolar Gold Fields

(1) Travelling allowance - Against a sum of Rs 300/. provided in 02-03 a sum of Rs: 750/. has been asked for. This is less than the actuals of the past 11 months which amount to Rs: 1035 and may be passed.

(2) Diet to patients - An increased cost under this head is anticipated after the construction of the new Hospital. The application is premature and may be disallowed.

E - Lunatic Asylum.

(1) Contingencies - Rs: 4000/. have been asked for in place of Rs 3000/. sanctioned in 1902-03. It would appear that the cost incurred last year was Rs 3089/. An additional provision of Rs: 500/. may be sanctioned instead of the 1000/. Rs asked for.

E-Lunatic Asylum conold

(2) Dirt to Patients - Against Rs 17,000/- sanctioned for 1902-03, Rs. 20,000/- has been asked for. The number of patients ~~has been~~ ^{seems to be} steadily increasing. It was 269 last year against 247 in the preceding year, and the cost actually incurred was Rs. 18,000/-000 against the Budget grant of Rs. 17,000/-. One half of the additional grant of Rs 3,000/- asked for may be sanctioned.

F-Medical Stores.

(1) Europe Medicines - The present grant is Rs 40,000/- against which, Rs. 60,000/- have been asked for. In 1901-02, the cost actually incurred was Rs. 54,000/-. In 1902-03, the Budget allotment of Rs. 40,000/- has been exceeded by Rs. 21,079-8-7, for reasons explained in the Senior Surgeon's letter No G 332 dated the 18th March, 1903. The Victoria Hospital is a new institution which is partly responsible for the excess. The number of dispensaries has also of late largely increased. The grant may be raised from Rs 40,000/- to

to Rs: 5,000/-, as otherwise it would be impossible to meet even minimum requirements. Fourteen institutions not entitled to a free supply from the Medical Stores are supplied therefrom, the cost recovered from them being credited to Government. The total amount recovered during the past 3 years is stated to be Rs: 13,178/-.

(2) Country Medicine - A grant of Rs: 8,500/- has been asked for against the sanctioned grant of Rs: 5,000/-. The average actual expenditure for the past 3 years has been ascertained to be Rs: 5,400/- odd. It seems sufficient if an additional grant of Rs: 1,000/- is sanctioned, instead of Rs: 3,500/- asked for.

(3) Carriage of medicines - The small increase of Rs: 380/- asked for seems necessary and may be sanctioned.

g. Promotions of the several grades of Medical Officers - It is

unnecessary to provide in the Budget for

4. General - The Budget as revised above may, in my humble opinion, be sanctioned; the receipts and expenditure would be Rs: 14,200/- and Rs: 5,53,986 against Rs: 13,700/- and Rs: 4,91,402 respectively, of the year 1902-03. The Budget has been carefully scrutinised and all feasible reductions have been made.

N.B. The items in Statement C may perhaps be reserved for consideration in connection with the Provincial Budget. Of the 2 items, one involves a transfer from the District Funds to the State Funds & the other the cost of certain permanent improvements which seem to be a proper charge on the P.W.D. Budget. The expenditure proposed above will then be reduced to Rs 5,11,086.

Remarks.

In the Budget for 02-03, provision was made for a 1st class Civil Surgeon on Rs. 600. In place of this, provision for a 2nd Class Civil Surgeon on Rs. 500. is now made.

The total provision made is for 6 Civil Surgeons, viz. 3 @ 500 and 3 @ 400, while there are only 5 Civil Surgeons now, viz. 3 @ 500, Mr. P. S. Achyutadew, Dr. Fernandez, and Mr. J. V. Amugadew, and 2 @ 400, Mr. E. S. Krishna Ramayya, and Miss K. Gomindarajulu. There is thus an excess by one Civil Surgeon at Rs. 400 in the provision made.

One First grade should also be provided for, I think.

as per the existing No. of cost of the district

Due to the allowance of Rs. 100. sanctioned to the Civil Surgeon, K. G. Fields, in order no. 5465-6 of 17/11/02, Mr. P. S. Achyutadew at Rs. 400. a month.

Has been explained to be due to the promotion of certain Assistant Surgeons.

(1) The provision made is for 17 Asst Surgeons, while there are 18 Assistant Surgeons, including the one Honorary Asst Surgeon on Rs. 150/-. The amount to be provided for the pay of these 18 Med. Officers is Repees 48,960/-. which is above the provision ~~for~~ made for 02-03 by Rs 5400/-. which is due to (a) the degradation of a Civil Surgeon to Asst Surgeonship on Rs 300/- and (b) the promotion given to 3 Med. Officers Vix Mr. C. Rajaram Row from Rs. 250 to Rs 300, Mr. J. V. Kuppasamy Mudr from Rs 200 to Rs 250, and Mr. S. Ranganna from Rs 150 to Rs 200. Surplus $(150 + 300 = 450) \times 12 = 5400$

When the question of granting ~~&~~ this allowance to the Lady Apothecary had been subd to the Dewan, he was pleased to order "Supplemental grant is impossible. Any other arrangement I shall not object to." In accordance with this order, the Senior Surgeon was asked to submit a statement of the appropriation. The statement so received from the Senior Surgeon was deficient in certain respects. It was accordingly returned to him for re-submission thro: the Comptroller for the sanction of Govt. The file no 26 of 94 on the subject is put up. The provision of Rs 180/- is therefore an unauthorized one.

There is a vacancy (60+20) which has not yet been filled up.

Remarks.

The pay of the Senior Surgeon's Office Manager is fixed at Rs 100 rising to Rs 150/- by two instalments of Rs 25/- each. He is now getting Rs 125/-. Provision is made for the 2nd increment of Rs 25/- which falls due to him in March 1904, and which shd be struck off as per rule 10, Chap II, Part 2 of the Financial Rules. *Attended to.*

Hitherto there was a clerk on Rs 20/- in the Chikmagalur Hospital. In his place, a clerk on ^{the minimum pay of} Rs 15/- is appointed. Hence decrease of Rs 5/- a month, or Rs 60 per annum.

(a) The establishment Charges of the Kolar Hospital come to Rs 660/- per annum. The provision made is Rs 696/-. There is thus an increase of Rs 36/- under "Kolar Distt", which has not been explained, and which should therefore be struck off. *Attended to.*

(b) In Govt Order No 6369-70 of the 28-10-02, the pay of the Dhoby attached to the Tumkur Hospl was raised from Rs 3/- to Rs 4/- a month, and a waterman who was getting Rs 6/- from the Contingencies of the Hospl, was ordered to be brought on the Hospl Estt. The total increase sanctioned was Rs 7/- a month or Rs 84/- per annum. ~~Also~~ Together with this increase, the Charges for the servants & orderlies of the Tumkur Hospital come to Rs 768/-. The provision made for 03-04 is Rs 804/-. There is thus an excess of Rs 36/-, which should be struck off, as it is not explained.

Note for the consideration of Council.

Re Medical Budget for 1903-04.

Vide State-
ment A-

The Budget has been prepared in accordance with standing orders. The variations are not many. Only sanctioned items have been provided for. As regards the number of Medical Officers, there is a slight discrepancy which has been rectified in this office.

Vide State-
ment B.

2. In addition to the above, certain new grants have been asked for in what the Senior Surgeon calls the Supplemental Budget Estimate, and these have to be dealt with in connection with the Budget. The main items are:-

A- Victoria Hospital.

(1) Contingencies- The grant for 1902-03 is Rs.4440 ✓ But the grant proposed for 1903-04 is Rs.15,000/-. So large an increase as Rs.10,560/- does not seem called for, seeing that the actual expenditure for the past 11 months has only been Rs.6,680/-. Various items, some urgent and others ordinary, have been included under this head. I would propose a grant of Rs.10,000/- which seems moderate.

(2) Diet to patients- Rs.15,000/- has been asked for against last year's grant of Rs.13,000/-. It has been ascertained that the actual expenditure during the past 11 months has only been Rs.8,000/- odd. Forty new beds seem contemplated. But it does not seem necessary in the absence of actual experience to raise the grant by Rs.2000 as recommended. The last year's provision may be repeated.

(3) Travelling allowance to Establishment.- Against a provision of Rs.500/- sanctioned in 1902-03, a grant of Rs.1000/- has been asked for. This application is justified by the actuals of the past 11 months, which amount to Rs.1134-11-6. It may accordingly be passed.

(4) Extra Establishment- This has already been sanctioned and may be included in the Budget.

(5) Leave allowance to Matron, &c.- The employment of substitutes for Nurses, &c., absent on privilege leave has had to be sanctioned more than once in public interest. The small provision of Rs.430/- proposed on this account may therefore be accepted.

B.- Chemical Laboratory and Bacteriological Institute.

(1) Travelling allowance- No provision for this was made in the Budget for 1902-03. The Chemical Examiner and Bacteriologist has however to go out sometimes on business of importance. The charge incurred during the past 11 months has been ascertained to be Rs.168-12-6. A grant of Rs.500/- has now been asked for. This seems unnecessarily large and may be reduced to Rs.200/-.

(2) Apparatus- A grant of Rs.1000/- has for the 1st time now been applied for. This seems unnecessary and may be disallowed, the apparatus required being as heretofore obtained from the Medical Stores.

C.- Oculist.-

(1) Travelling allowance- This Officer has sometimes some travelling work to do. The expenditure incurred during the past 11 months is Rs.89/-. A provision of Rs.100/- seems sufficient and may be sanctioned instead of the Rs.250 asked for.

D.- Civil Hospital, Kolar Gold Fields.

(1) Travelling allowance- Against a sum of Rs.300 provided in 1902-03, a sum of Rs.750/- has been asked for. This is less than the actuals of the past 11 months which amount to Rs.1035 and may be passed.

(2) Diet to patients- An increased cost under this head is anticipated after the construction of the new Hospital. The application is premature and may be disallowed.

E.- Lunatic Asylum.

(1) Contingencies- Rs.4000/- have been asked for in place of Rs.3000/- sanctioned in 1902-03. It would appear that the cost incurred last year was Rs.3,089/-. An additional provision of Rs.500/- may be sanctioned instead of the Rs.1000/- asked for.

(2) Diet to Patients. Against Rs.17,000/- sanctioned for 1902-03, Rs.20,000/- has been asked for. The number of patients seem to be steadily increasing. It was 269 last year against 247 in the preceding year, and the cost actually incurred was Rs.18,000/- odd against the Budget grant of Rs.17,000/-. One half of the additional grant of Rs.3000/- asked for may be sanctioned.

F. Medical Stores.

(1) Europe Medicines. The present grant is Rs.40,000/- against which, Rs.60,000/- have been asked for. In 1901-02, the cost actually incurred was Rs.54,000/-. In 1902-03, the Budget allotment of Rs.40,000/- has been exceeded by Rs.21,079-8-7, for reasons explained in the Senior Surgeon's letter No.G.332 dated the 18th March 1903. The Victoria Hospital is a new institution which is partly responsible for the excess. The number of dispensaries has also of late largely increased. The grant may be raised from Rs.40,000/- to Rs.50,000/- as otherwise it would be impossible to meet even minimum requirements. Fourteen institutions not entitled to a free supply from the Medical Stores are supplied therefrom, the cost recovered from them being credited to Government. The total amount recovered during the past 3 years is stated to be Rs.13,178.

(2) Country Medicine. A grant of Rs.8,500/- has been asked for against the sanctioned grant of Rs.5000/-. The average actual expenditure for the past 3 years has been ascertained to be Rs.5400/- odd. It seems sufficient if an additional grant of Rs.1000/- is sanctioned, instead of Rs.3,500/- asked for.

(3) Carriage of Medicines.- The small increase of Rs.380/- asked for seems necessary and may be sanctioned.

G. Promotions of the several grades of Medical Officers- It is unnecessary to provide in the Budget for promotions not yet earned, but expected to be earned during the year. Of the sum of Rs.9,880/- entered on this account, Rs.540/- may be included in the Budget on account of the promotion already sanctioned of Mr. T.S. Siddappa, Sub Assistant Surgeon from Rs.80/- to Rs.100/- and a Lady Apothecary from Rs.100/- to Rs.125/-, and the rest omitted.

H. Additional Establishment, increase of pay &c., to Vaccination Office, Medical Stores and Asylums.

The several proposals made in this behalf are under consideration, and no sanction has been given. The provisions made may be omitted.

3. - A provision of Rs.42,900 has also to be made in the Budget on account of the items specified in statement C. Of this, Rs.34,700/- is on account of certain desirable improvements to the Victoria Hospital, and Rs.8,200/- for scholarships &c., to the Pupil Hospital Assistants who are proposed to be paid in future from the same Fund as that from which Hospital Assistants are paid, viz., State Fund instead of Local Funds.

4. General.- The Budget as revised above may, in my humble opinion, be sanctioned; the receipts and expenditure would be Rs.14,200/- and Rs.5,53,986 against Rs.13,700/- and Rs.4,91,402 respectively, of the year 1902-03. The Budget has been carefully scrutinized and all feasible reductions have been made.

Sd. C. Sreenivasiengar.

Statement
C.

N.B. The items in Statement C may perhaps be reserved for consideration in connection with the Provincial Budget. Of the 2 items, one involves a transfer from the District Funds to the State Funds, and the other the cost of certain permanent improvements which seem to be a proper charge on the P.W.D. Budget. The expenditure proposed above will then be reduced to Rs.5,11,086.
